

**Right Start,
Right Life**

About EFMF.....

- **Registered (9843/Cairo) non-profit organization.**
 - **Headquarter is located in Egypt.**
 - **Aims at improving maternal and fetal health in the MENA region by :**
- **Promoting the medical competence of Obstetricians and Gynecologists in the diagnosis and the follow-up of the fetal health.**

Vision.....

To be...

the premier non profit fetal medicine Specialized Foundation in the Middle East and Africa, providing state of the art knowledge and giving hands on training for doctors on ultrasound examination in fetal medicine.

Moreover,,,,

To be recognized nationally as Egypt's finest, dynamic, free public-centered maternal and fetal health education provider

Mission.....

- **To provide a highly professional, technical and distinctive medical training for gynecology and obstetrics doctors to strengthen their professional diagnostic capacities in fetal medicine through using ultrasonography. In the same context, we regularly conduct a well prepared maternal and fetal health promotion activities and programs**

Egypt

Introduction

- Later studies have shown that count of movements is poor indicator of brain damage mainly due to the great intra-and inter-individual differences which makes this measure clinically useless (Antonopoulos *et al* 2004)
